We want to be warned that a computer program is trying to access email addresses stored in Outlook so that we can deny when appropriate.. We do not get a warning that a third party program is trying to send an email as expected.. By continuing to use this site, you are consenting to our use of cookies. We have edited the registry as follows:

HKeyLocalMachineSoftwareMicrosoftOfficeOutlookREGDWORD 1 which is always warn.. For a better experience, please enable JavaScript in your browser before proceeding.

We have tried two things which we had anticipated would trigger a warning message that a program is trying to access email addresses stored in Outlook 2007.. Outlook acknowledges that we do not have an antivirus (bottom of the Programmatic Access pane).. Programmatic Access options are greyed out when using a 3rd party invoicing program (BusinessVision) that uses Outlook to email invoices after they are created.
